

International Conference “Volunteering: Improving Society, Develop Human Values” University for Volunteering (EUV), 9th Session May 21-23, 2019, Moscow, Russia

Who Should Attend?

Public announcements and invitations are addressed to four different interest groups. Each group is invited to exchange ideas and impressions internally as well as among the other interest groups.

- Academics and students at universities and institutes of higher learning may present their scientific research results in an international discussion forum.
- Volunteers in organizations, in informal voluntary groups or just volunteering for themselves, e.g. as social entrepreneur, will have the possibility to deepen questions and to receive.
- Professional in NGOs or volunteer organizations will have the opportunity to gain and exchange multifaceted experiences in working with volunteers and in the voluntary sector on international level.
- Employees on companies and also in governmental offices who promote projects with volunteers and who want to discuss these on an academically level.
